

Learning from Home - communication & language

Ready for School,
Ready for Life
Top Tips

Learning from Home

We understand how stressful life can be while home schooling your children during this current time. You are not on your own feeling this way and we are here to help with some fun ideas and activities.

These hands-on activities will help you and your child with their active learning. Your child's attention span will be dependant on their age, so short and snappy activities are the key to success!

What can I do?

- Sing songs and share stories every day
- Act out favourite stories
- Encourage your child to help you around the house
- Use the daily routine as learning opportunities
- Enjoy playing a game together such as hide and seek, pretend shops, teddy bears

How to make a storyboard from a pizza box

- Cut open the box
- Cover in paper of your choice ie old wallpaper
- Read your favourite story
- Draw characters on separate paper and cut out
- Stick onto the board and encourage your child to tell the story in their own words.
- Be as creative as you like!
